

Declaration of Performance

No. EPW-DoP-1003

Product type	Birch plywood					
Type, batch or serial number or any other element allowing	ESTPLY BIRCH uncoated, phenolic-formaldehyde resin					
identification of the construction product as required under Article	ESTPLY FORM coated, phenolic-formaldehyde resin					
11(4)	ESTPLY DECK coated, phenolic-formaldehyde resin					
Intended use or uses of the construction product, in accordance with	EN 636-1 birch plywood. For internal use as a structural component in dry conditions.					
the applicable harmonized technical specification as foreseen by the	EN 636-2 birch plywood. For internal use as structural component in humid conditions and for protected external use.					
manufacturer	EN 636-3 birch plywood. For external use as a structural component with coating and edge sealing.					
Name, registered trade name or registered trademark and contact	ESTPLY					
address of the manufacturer as required under Article 11 (5)	Estonian Plywood AS					
	Kase, Viruvere, 48435 Jõgeva vald, Estonia					
Systems of assessment and verification of constancy of performance	EN 13986:2004+A1:2015					
of the construction product as set out in CPR, Annex V	AVCP system 2+					
In case of the declaration of performance concerning a construction,	Notified product certification body KIWA No. 1336 carried out:					
product covered by a harmonized standard	an assessment of the performance of the construction product on the basis of testing (including sampling),					
	calculation, tabulated values or descriptive documentation of the product					
	 initial inspection of the manufacturing plant and of factory production control 					
	continuing surveillance, assessment and evaluation of factory production control and issued the certificate of					
	constancy of performance of the product					

parallel to face grain	Declared performance																
perpendicular to face grain				Sanded birch plywood, nominal thickness, mm
